NATURLITTER PAPER NATURLITTER DE PAPEL

NATURLITTER PAPER Naturlitter paper is an organic paper bedding for the hygiene of small mammals. Suitable for flushing down the toilet. It is an ecological plant bed suitable for all types of pets such as rabbits, guinea pigs, small rodents, cats, birds, ferrets, dogs, etc... It is made with recycled newsprint pellets and completely free of chemical substances. These pellets are small and light in size, so they are completely compacted, simulating the natural bedding of animals and preventing damage to their paws.

CHARACTERISTICS: 100% ecological and biodegradable / Can be safely disposed of in the WC without the risk of blockages in the pipes / Clean and hygienic / Dust-free / Repels bacteria and germs, and the possible formation of fungi / Prevents allergy and respiratory problems in the most sensitive animals / Maximum absorption capacity and odor neutralizer / Recommended by veterinarians.

NATURLITTER DE PAPEL Naturlitter de papel es un sustrato de papel orgánico para la higiene de pequeños mamíferos, apto para desechar por el WC. Se trata de un lecho ecológico vegetal adecuado para todo tipo de mascotas como conejos, cobayas, pequeños roedores, gatos, pájaros, hurones, perros, etc... Naturlitter está fabricado con pellets de papel de periódico reciclado, completamente libres de sustancias químicas. Estos pellets tienen un tamaño pequeño y ligero, por lo que queda totalmente compactado, simulando el sustrato natural de los animales y evitando que se dañen las patas.

CARACTERÍSTICAS: 100% ecológico y biodegradable / Puede desecharse por el WC de forma segura sin riesgo de sufrir taponamientos de las cañerías / Limpio e higiénico / Libre de polvo / Repele bacterias y gérmenes, y la posible formación de hongos / Previene problemas de alergia y respiratorios en los animales más sensibles / Máxima capacidad de absorción y neutralizador de olores / Recomendado por veterinarios.
